Construction site featuring a large concrete structure under construction, completely encased in a dense network of metal scaffolding. The scaffolding is supported by a grid of vertical and horizontal poles. On the upper levels, numerous vertical rebar rods protrude from the concrete. A red banner with white text is visible on the scaffolding, reading "POMI KOKKOPUOLLE" and "Suomen Keskustiedustelu". The building is situated behind a grey metal fence, with a paved path leading towards it. The sky is overcast with grey clouds.

Background area showing a modern white building with a blue flag on top, partially obscured by green trees. A road with a dark car is visible behind a grey metal fence. The sky is overcast with grey clouds.
